

11th Seminar of the ESPE Journal: Changes on Monetary Policy and Central Banking over the last two decades

Activities schedule

The Journal Essays on Economic Policy (EEP) from Banco de la República summons the academic community and all interested to the seminar about **Changes on Monetary Policy and Central Banking over the last two decades**, which will take place on October 23 and 24 of 2014 at the Events Center of the Biblioteca Luis Ángela Arango in Bogotá.

The event will count with the presence of **Pierre Siklos**, Director of the Viessmann European Research Centre of the Wilfrid Laurier University (Canadá) and professor at the Department of Economics at the same university, and **Dimitrios Tsomocos**, professor from the Saïd Business School at Oxford University (United Kingdom) as special guests.

Program
