Current Situation of the Colombian Economy – Governor’s Report, April 2017

Full Report (2.46 MB) Dynamic Version of the Governor’s Report Statistical Annex of the Governor’s Report, published on 3 May 2017 AUTHOR OR EDITOR Juan José Echavarría
CURRENT SITUATION OF THE COLOMBIAN ECONOMY

This is the first edition of a new publication by the Governor of the Central Bank of Colombia. It is addressed to citizens, analysts, and domestic and foreign investors interested in learning about the most recent events in the Colombian economy, and their implications for monetary policy decision-making. It will be published quarterly in Spanish and in English, and the Statistical Annex will be updated on a monthly basis.
