The macroprudential policy framework in Colombia

Working Paper No. 1014 Keep in mind
The series Working Papers on Economics is published by the Office for Economic Studies at the *Banco de la República* (Central Bank of *Colombia*). It contributes to the dissemination and promotion of the work by researchers from the institution. This series is indexed at Research Papers in Economics (RePEc).

On multiple occasions, these works have been the result of collaborative work with individuals from other national or international institutions. The works published are provisional, and their authors are fully responsible for the opinions expressed in them, as well as for possible mistakes. The opinions expressed herein are those of the authors and do not necessarily reflect the views of Banco de la República or its Board of Directors.

AUTHOR OR EDITOR Vargas-Herrera, Hernando Pamela Cardozo Andrés Murcia Publication Date: Wednesday, 13 of September 2017
Macroprudential policy in Colombia is described along with a discussion of the main challenges faced by the authorities in implementing it and a review of episodes in which macroprudential measures were taken. An overview and some estimates of their effectiveness in preventing the buildup of imbalances, increasing buffers and cushioning downswings are presented.

The series Borradores de Economía is published by the Economic Studies Department at the Banco de la República (Central Bank of Colombia). The works published are provisional, and their authors are fully responsible for the opinions expressed in them, as well as for possible mistakes. The opinions expressed herein are those of the authors and do not necessarily reflect the views of Banco de la República or its Board of Directors.
