The new Foreign Exchange Information System has arrived

The new Foreign Exchange Information System has arrived
The system’s first phase has been launched with innovations in the procedures to record international investment operations and transactions. It is safe, agile, and easy to access at: https://www.banrep.gov.co/es/operaciones-cambiarias (only available in Spanish) selecting the "New Foreign Exchange Information System" option from left side menu.

Moreover, on September 8th, the Foreign Exchange Affairs and Settlements Department will be holding a webinar to present and explain in depth the new Foreign Exchange Information System’s international investments section. For further information on this event please go to: https://www.banrep.gov.co/es/nuevo-sistema-informacion-cambiaria-modulo-inversiones-internacionales (only available in Spanish).
