Banco de la República | Colombia
Somos el banco central de Colombia

Interactive Monetary Exhibition (EMI in Spanish) Friday, 14 January 2022 - 12:00 General Objective

It is an interactive space that promotes education and spreads out central banking topics. It aims to allow its visitors to learn through games about subjects related to money, inflation, the economic system, and monetary policy, as well as *Banco de la República's* (the Central Bank of Colombia) history, functions, and decisions. Moreover, visitors are given a lecture on some main economic concepts, the Central Bank's history and functions, and a brief explanation on how to identify the Colombian monetary species.

Learning Objectives

- To learn and deepen on *Banco de la República's* history and functions.
- To understand relevant economic concepts, such as inflation, economic system, money, barter, and payment instruments.
- To have elements of judgment to recognize authentic Colombian banknotes and coins.
- To understand *Banco de la República's* goal to keep inflation low and stable, as well as its aim for sustained economic growth.
