Celina Gaitán: from Macroeconomic Forecasts to Underwater Rugby

Celina Gaitán: from Macroeconomic Forecasts to Underwater Rugby
In the tenth episode of *'Cuentas y Cuentos'*, our guest, economist Celina Gaitán, member of the staff at *Banco de la República* (the Central Bank of Colombia, *BanRep*) and underwater rugby world champion, explains her vision of the current performance of the Colombian economy and how teamwork, discipline, and organization have been key to excelling in her work as head consultant of the Programming and Inflation Department (DPI in Spanish) at *Banrep* and as an athlete.
